UNIVERSITY OF OSLO
FACULTY OF MATHEMATICS AND NATURAL SCIENCES

ANNOUNCEMENT

Cand. Scient. Grethe-Elisabeth Stenvik at Department of Molecular Biosciences will

Friday 14. December 2007, kl. 10.00
Aud. 1, Kristine Bonnevies hus, Blindern

give a trial lecture on the following topic:

"The regulatory role of microRNA in plants"

Friday 14. December 2007, kl. 12.00
Aud. 1, Kristine Bonnevies hus, Blindern

the doctoral candidate will defend her dissertation:

"Control of abscission zone formation and cell separation in Arabidopsis thaliana"

for the degree of Ph.D.

To judge the dissertation and the disputation the Faculty appointed the following committee:

Professor Steven E. Clark, Department of Molecular, Cellular and Developmental Biology, University of Michigan, Ann Arbor, Michigan, USA
Professor Atle Bones, Institutt for biologi, NTNU, Trondheim
Professor Inger Sandlie, Institutt for molekylær biovitenskap, Universitetet i Oslo

Associate Professor Steven E. Clark and Professor Atle Bones are appointed to serve as opponents and Professor Norbert Roos will chair the disputation.

Professor Reidunn Aalen
Head of Department
