ANNOUNCEMENT

Cand. sSient. Stian Ellefsen at Department of Molecular Biosciences will

Friday 30.5. 2008, 10:15,
Aud. 3, Kristine Bonnevies hus, Blindern

give a trial lecture on the following topic:

"Possible medical implications of studies on anoxia tolerant vertebrates: treatment or prevention of brain damage in man"

Friday 30.5. 2008, 13:15,
Aud. 3, Kristine Bonnevies hus, Blindern

the doctoral candidate will defend his dissertation:

“Gene expression in anoxic crucian carp brain”

for the degree of Ph.D.

To evaluate the dissertation and the disputation the Faculty appointed the following committee:

Professor Matti Vornanen, Faculty of Biosciences, University of Joensuu, Finland
Professor Tobias Wang, Department of Zoophysiology, Aarhus University, Denmark
Professor Kristian Gundersen, Department of Molecular Biosciences, University of Oslo

Professor Matti Vornanen and Professor Tobias Wang are appointed to serve as opponents and Professor Reidunn Aalen will chair the disputation.

Reidunn Aalen
Head of Department
