ANNOUNCEMENT

Master of Science Yke Jildouw Arnoldussen at the Department of Molecular Biosciences will

December 13th 2010, at 09:30,
Aud. 2, Georg Sverdrups hus, Blindern

give a trial lecture on the following topic:

“The epithelial-to-mesenchymal transition (EMT), an important step in cancer progression?”

December 13th 2010, at 11:00,
Aud. 2, Georg Sverdrups hus, Blindern

the doctoral candidate will defend her dissertation:

Molecular mechanisms of apoptosis regulated by androgens in prostate cancer cells - Involvement of DUSPs, the UPR and STAMP1

for the degree of Ph.D.

To evaluate the dissertation and the disputation the Faculty appointed the following committee:

Professor Pura Muñoz-Cànoves, Universitat Pompeu Fabra, Barcelona, Spain
Professor Ole Morten Seternes, Department of Pharmacy, University of Tromsø, Norway
Professor Trond Berg, Department of Molecular Biosciences, University of Oslo, Norway

Professor Pura Muñoz-Cànoves and Professor Ole Morten Seternes are appointed to serve as opponents and Professor Kristian Prydz will chair the disputation.

Finn-Eirik Johansen
Head of Department
