Evaluations (Whole Program):

Master's program evaluation with external referee:

- Skype chat evaluation; a small group will meet to talk about specifics
- Make sure that what is teaching and is done in this program is up-to-date with modern science techniques.
- Make sure that the students and the program aren't lagging behind other global programs.
- There is a logical succession of course work in order to build up to a thesis.
- Etc.

I know nobody will read this, but if you do, send an email to Helle about your thoughts and opinions about the program as a whole.

Board Updates:

- MNSU: Oyvind forgot everything

Events:

- AFU beer can pizza game night - Friday the 13th.
