Faculty meeting:

* Espen was there

* Organized buddy week? Yes please.

Agreement for official buddy week, we need to fight for it. We also need a main buddy, although not binding yet – Have to next week to decide – give notice if interested.

* Payment for student council leaders – faculty: "nah"

* Payment for student representatives – faculty: "Sounds nice, u should try"

How: someone other than the representatives themselves should ask for it.

* The rest was mostly about the report on loneliness and feedback/transparency-survey.

FULF meeting:

* Espen was there too.

* Buddy week hype

* Money from institute about sweaters?

Kristina think we'll get a lot of extra money endorsement for buying AFU-sweaters, so that they'll be cheaper for us. Should we rather do it for the institute than AFU (Both?)?

MSNU-meeting:

* Alex was there

* None of our suggestions were forwarded.

* Functionality of Canvas and inspera is increasing.

- * Academic writing quarter at the library exists – use it.
- * Female researcher event
- * Strong preference towards having norwegian speaking representatives at meetings, would increase productivity alot they say. Alex at fault?
Alex urges norwegian-speaking co-students to volunteer – No one does.
(meetings are every other monday, about an hour, 400,- payment. Please volunteer, people)
Espen tries a second time to urge someone to volunteer ...and: No one does.
– Statement “They should learn english” agreed upon.
- * If anyone has input to MSNU, tell Alex.
