

Health, Safety and Environment at ITA 2011

The overriding goals of UiO's efforts in the area of health, safety and the environment are to control risk and to continuously enhance the study and work experience of its students, faculty, and staff. In order to identify current HSE risks at ITA, please answer the questions in our survey for 2011.

Yes	0	0,0 %
No	0	0,0 %

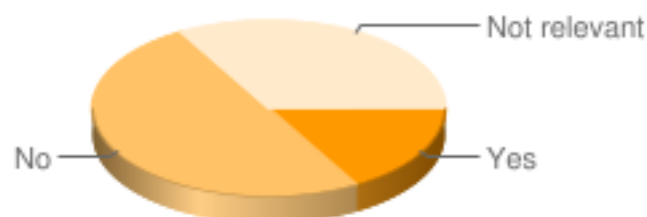

Yes
No

6.11 If yes in question 6.9, who did you report it to?

6.12 Have you experienced any injuries, serious incidents (such as theft, violence, threats etc), accidents or near-accidents outside ITA (in Norway or abroad)?

Field work is the collection and/or processing of data at locations other than the normal workplace. Field work may proceed both in Norway and abroad. Periods spent at other institutions are not field work. Both employees and students may do field work. Courses held in the field will pose many of the same HES challenges as ordinary field work.

Yes	1	16,7 %
No	3	50,0 %
Not relevant	2	33,3 %

6.13 If yes in question 6.12, did you report it?

Yes	1	100,0 %
No	0	0,0 %
