Formal educational requirements

Do you have a master's degree or equivalent with a specialization as described for each particular research project?

Yes

Not yet, but I will complete my final exam before June 30, 2022

No

Research experience

Do you have more than four years of research experience after obtaining the degree entitling you to embark on a doctorate (e.g. from your Master's degree)?

Yes

No

Do you have a doctoral degree?

Yes

No

Mobility requirement

Have you resided and/or carried out your main activity in Norway for more than 12 months in the 3 years immediately before the date of recruitment?

Yes

No

Yes, but I have a refugee status

Application

I have used the supplied templates for my CV and my motivational letter

Yes

No

I have either included a recommendation letter (with ranking) in my application or I have made sure that my referees have sent their reference letters (with ranking) by e-mail to the CompSci coordinator

Yes

No

In my motivational letter, I have specified which of the CompSci research projects for Call 2 I am applying to (up to 3 projects from the same research field)

Yes

No

I have included my Bachelor's and Master's grade transcripts with official translations

Yes

No

I have submitted all the grade transcripts that I have available until now. If I am selected, I will submit the remaining documents once I finish my Master's degree before June 30, 2022

I have documented my English language skills

Yes

No

No because I am exempt from this

If you are exempt from documenting your English language skills, please specify why

I will upload this eligibility checklist together with all the required attachments to the recruitment portal "Jobbnorge"

Yes

No

Research projects

Please, prioritize up to three research projects from the same research field (chemistry, biosciences, geosciences, astronomy or mathematics/statistics) that you are motivated and qualified for. You can read more about the CompSci projects in the [CompSci website \(uio.no\)](http://uio.no).

If you choose projects from different research fields, only the projects from the same research field of the project in priority 1 will be considered.

Chemistry

Biosciences

Geosciences

Physics

Astronomy

Mathematics and Statistics

Priority 1

Priority 2

Priority 3
