

**Nils Chr. Stenseth, Dr. philos.**

(Painted by Tore Juell)

**Professor of Ecology and Evolution & Strategic Adviser to the Faculty of  
Mathematics and Natural Sciences, University of Oslo, Norway  
Professor of Marine Biology, University of Agder, Norway**

*Past President of Norwegian Academy of Science and Letter;  
Foreign member of US, French, Russian Academy of Science, and other academies*

<http://www.mn.uio.no/stenseth>

<http://orcid.org/0000-0002-1591-5399>

**Contact information:**

The Centre for Ecological and Evolutionary Synthesis (CEES)  
Department of Biosciences  
Kristine Bonnevie's house  
University of Oslo, Campus Blindern  
Blindernveien 31, P.O. Box 1066 Blindern, NO-0316 Oslo, Norway

Phone: +47-22854584

e-mail: [n.c.stenseth@mn.uio.no](mailto:n.c.stenseth@mn.uio.no) or [n.c.stenseth@ibv.uio.no](mailto:n.c.stenseth@ibv.uio.no)

**Areas of focus:**

- Evolutionary biology
- Ecology
- Theoretical biology (ecology and evolution)
- Statistical modelling of time-space data (specifically time-series data)
- Effects of climate variation on ecological and evolutionary processes
- Disease modelling of plague (past and present), dengue, hanta and COVID-19

**Positions Held includes**

Professor & Strategic Advisor, Faculty of Mathematics and Natural Sciences, Univ. of Oslo	2018-
Professor of Marine Biology, University of Agder, Kristiansand, Norway	2015-
Founding Chair of the Centre for Ecological and Evolutionary Synthesis (CEES), Univ. of Oslo	2007-2018
Professor of Ecology and Evolution, University of Oslo	2004-
Professor of Zoology, University of Oslo	1990-2003
Professor of Population Dynamics, University of Oslo (until 1985 as Assoc. Prof)	1980-1989
Associate Professor of Ecology, University of Lund, Sweden	1979-1982
Research Associate, University of Oslo	1975-1978

**Education**

Dr. philos. University of Oslo, Norway. Thesis title; "Theoretical studies on fluctuating populations" (thesis defended on 04.03.1978)	1978
Cand. Mag. University of Oslo, Norway (Biology, Zoology, Mathematics, Statistics, Computer Science, Chemistry)	1972

**Scientific Roles and Responsibilities includes**

- Science Ambassador of the Alliance of International Science Organizations-ANSO (since 2021)
- Advisor to the Eötvös Loránd Research Network of the Hungarian Academy of Sciences (since 2019)
- Lead author of the Sixth Assessment Report of the Intergovernmental Panel on Climate Change (IPCC), Working Group II, Chapter 1 (2018-2022)
- Advisor to the Dean of Mathematics and Natural Science at the University of Oslo (since 2018)
- Chair, Milner Centre for Evolution Advisory Board, University of Bath, UK (since 2017)
- Member of the Scientific Council of the European Research Council (ERC) (2014–17)
- Scientific Advisor to the National Center for Disease Control and Public Health, Georgia (since 2014)
- Founding Chair, Centre for Ecological and Evolutionary Synthesis, ([www.mn.uio.no/cees/english](http://www.mn.uio.no/cees/english)) University of Oslo (CEES was awarded status as national Centre of Excellence (CoE) 2007–2017 by the Research Council of Norway)

- Founding Chair of NCoE NorMER ([www.normer.org](http://www.normer.org)): a Nordic centre for research on marine ecosystems and resources under climate change
- Founding Chair of EcoClim-NCoE: a Nordic centre for the study of the dynamics of ecological systems under the influence of climatic variation (Universities of Oslo, Lund and Helsinki)
- PI of SUSTAIN (Sustainable management of renewable resources in a changing environment); ([www.sustain.uio.no](http://www.sustain.uio.no))
- Mentorship: Trained 50+ PhDs and 65+ postdocs, many of which have become very successful scientists
- Creation of effective networks for young researchers such as CEES, NorMER (Nordic Centre for Research on Marine Ecosystems & Resources under Climate Change) and SUSTAIN (Sustainable management of renewable resources in a changing environment)
- Key roles in international scientific organisations: (1) President of the Fourth European Mammal Congress (1999-2003); (2) President of the International Theriological/Mammalogical Congresses (ITC/IMC) (1997-2006); (3) Member of the Executive Committee of International Union of Biology Science, IUBS (since 2007, president 2012–14) and (4) Member of the board of “The Sven Lovén Centre of Marine Sciences”, Gothenburg University (2008-2015).
- Editorial work for several journals, including: Associated Editor/Editor of *Proceedings of the Royal Society of London; Series B* (UK; 2005-2008; Editor-in-Chief of *Climate Research* (Germany; since 2005); and Editorial Board Member of *Proceedings of the National Academy of Science* (since 2017).
- Founding Director of Centre for Development and the Environment (SUM) ([www.sum.uio.no/english](http://www.sum.uio.no/english)) at the University of Oslo

#### Academic Honours includes

2021–25	President of the International Society of Zool. Sciences; headquarters in Beijing, China
2021	Foreign member of Royal Society of Canada, Canada
2020	Chinese national award for International Science and Technology Cooperation – awarded by President Xi Jinping
2019	Elected member of the Ethiopian Academy of Sciences, Ethiopia
2019	The Chinese Premier's/Prime Minister's (Li Keqiang) Friendship Award, China
2019	Awarded the 2019 ECI prize in marine sciences, Germany
2019	Honorary member of the Hungarian Academy, Hungary
2019	Honorary Professor of Beijing Normal University, China
2019	The Chinese Academy of Science's medal for International Scientific Cooperation, China
2018	Elected member of The World Academy of Sciences (TWAS), headquarter in Trieste, Italy
2018	Honorary Professor of Tsinghua University, China
2018	Honorary Doctor of Åbo Akademi University, Finland
2016	Foreign member of the Russian Academy of Science, Russia
2015	Foreign member of the National Academy of Sciences, Washington, US
2013–	Professor II (honorary adjunct; unpaid), Addis Ababa University, Ethiopia
2012–	Professor II, University of Agder, Norway
2012	The Research Council of Norway's Excellence in Communication of Science Award, Norway
2011	Chevalier (Knight) in the French National Order of the Legion of Honour, France
2011	Honorary Doctor (Doctor Honoris Causa) of the École Normale Supérieure, Lyon, France
2011	The University of Oslo's Inspiration Award for Marine Biology, Norway
2008–21	Member of the Executive Committee of the International Society of Zool. Sciences; headquarters in Beijing, China
2008–14	Elected Vice-president/President (alternating years) of the Norwegian Academy of Science and Letters, DNVA, Norway
2007–14	Member of the Executive Committee of International Union of Biological Science, IUBS (President 2012-2014); headquarters in Paris, France
2006	Named Einstein Professor of the Chinese Academy of Science, China
2005	Fellow of the French Académie des Sciences, France
2005	Fellow of Academia Europaea, headquarter in London, UK
2001	Honorary Doctor (doctor honoris causa) of the University of Antwerpen, Belgium
2000	The Research Council of Norway's Award for Outstanding Research, Norway
1996	The University of Oslo's Award for Outstanding Performance in Science, Norway
1986	Elected member of the Norwegian Academy of Science and Letters, DNVA, Norway
1984	The Nansen Medal for Outstanding Research for work on Evolutionary Biology, Norway

### Recent Research Grants include

- 2022–28 Soil survival and re-emergence: the continued threat of plague (Natural Environment Research Council, UK: **17 mill NOK**)
- 2021–24 NORDEMICS: “Pathogens, Pandemics and the Development of Nordic Societies” (Nordforsk: **15 mill NOK**)
- 2020–22 COVID-19 Seasonality: “The effect of environmental variation on the spatio-temporal dynamics at national, regional and global scales” (Research Council of Norway: **5 mill NOK**)
- 2019–23 “Strengthening Education and Research in Conservation biology: a collaboration between Addis Ababa University, Ethiopia and the University of Oslo, Norway” (Norwegian Agency for Cooperation and Quality Enhancement in Higher Education: **4.9 mill NOK**)
- 2017–20 Micro-Macro Evolution: “Drivers of evolutionary change: understanding stasis and non-stasis through integration of micro- and macroevolution” (Research Council of Norway: **10 mill NOK**)
- 2015–20 SUSTAIN: “Sustainable management of renewable resources in a changing environment: an integrated approach” (Research Council of Norway: **50 mill NOK**)
- 2011–2015 NorMER: “Nordic Centre for Research on Marine Ecosystems and Resources under Climate Change” (Nordforsk – Nordic Research Council: **26 mill NOK**)
- 2007–2017 CEES: “Centre for Ecological and Evolutionary Synthesis” (Research Council of Norway: **100 mill NOK**)

I am also involved in several other projects as member/Co-PI.

### Organisation of Scientific Meetings includes

- 30.07.19 I was the main organiser and chair of “A Century of Unifying Biology” at The Norwegian Academy of Science and Letters, Oslo, Norway (organised as part of the 100<sup>th</sup> anniversary of the International Union of Biological Science (IUBS) held in Oslo 30.07.19–02.08.
- 19-20.11.14 I was the main organiser and chair of “The Past Plague Pandemics (Justinian, Black Death, Third) in Light of Modern Molecular Life Science Insights”: a two-day meeting at The Norwegian Academy of Science and Letters, Oslo, Norway
- 09-10.11.05 I was the main organiser and chair of “Plague: Bacteriology, Evolution, Ecology, Epidemiology and its impact on human history”: a two-day meeting at The Norwegian Academy of Science and Letters, Oslo, Norway

### Outreach to the general public

I do a lot of outreach including newspapers articles, general lectures and more non-standard type of communication, including working together with stand-up comedian, Dag Sørås, on the communication about the plague (see <https://tv.nrk.no/serie/latterlig-smart/2018/DMTV23600418/avspiller>); we will do another show on plague and corona this fall on the Norwegian Broadcasting Company (NRK). I have also recently done a podcast on plague and corona. I have gotten several prize (e.g., the Research Council of Norway Communication Prize and the Bonnevie Prize for communicating biological knowledge to the public) for my outreach work.

### Major contributions to the early careers of excellent researchers

Throughout my career I have been involved in creating effective training environments and networks for young researchers. For the past 10 years this includes CEES (“Centre for Ecological and Evolutionary Synthesis”: [www.mn.uio.no/cees](http://www.mn.uio.no/cees)), NorMER (“Nordic Centre for Research on Marine Ecosystems and Resources under Climate Change”: [www.normer.uio.no](http://www.normer.uio.no)), and SUSTAIN (“Sustainable management of renewable resources in a changing environment”: [www.sustain.uio.no](http://www.sustain.uio.no).) Altogether I have trained 50+ Ph.D. students and 65+ post docs, many of which have gone on to become very successful scientists. For an extensive list of names, see: <http://www.mn.uio.no/cees/english/people/chair/nilsst/progeny.html>.

### Publication summary and selected recent and older publications showing the breath of competence

*Summary as per end of April 2022: more than 800 total, including Science (17, of which 6 articles and reviews and 7 book reviews), Nature (21, of which 11 articles and 6 editorial materials); citations (Google Scholar): a total of more than 59000 citations; since 2017, more than 20000 citations; h-index=123.*

#### Invited presentations include

- Invited lecture 24.07.21 at the Augustinian Abby, Brno Monastery, Czech Republic (“Gregor Mendel’s monastery”) during the 2021 Mendel Festival: “From Gregor Mendel and Charles Darwin till today’s Genomics, The History of Modern Biology”
- Invited lecture 01.12.20 in connection with the 300<sup>th</sup> anniversary of 1720-plague outbreak in Marseille at Colloque de l’IHU, Marseille
- Invited as panel participant 17.10.20 at the Moscow Science Festival "Using mathematics and computer science in evolutionary biology: a discussion between an evolutionary biologist (Nils Chr. Stenseth), a chemist (Artem Oganov) and a physicist (Anders Malthe-Sørensen)".
- Invited lecture 13.10.19 at the Moscow Science Festival, Lomonosov Moscow State University: ” The ecology of macroevolution”.
- Invited lecture 05.11.18 at the «The First General Assembly of the Alliance of International Science Organizations (ANSO) in the Belt and Road Region» & «The Second” International Science Forum of Scientific Organizations on the Belt and Road Initiative», Beijing: “Ecological changes in response to climate changes in the Arctic”.
- Invited lecture at the “2018 World Life Science Conference”, Beijing on 27.10.18, Session on “Biological Consequences of Global Change”: “Ecological and Evolutionary dynamics in marine systems under anthropogenic influence”.
- Invited lecture 16.11.2016 at the Joint Meeting of the 22<sup>nd</sup> International Congress of Zoology & the 87<sup>th</sup> Meeting of the Zoological Society of Japan about “New Waves of Zoological Science in the 21<sup>st</sup> Century”, Okinawa, Japan: “Ecosystem dynamics, fishery and climate change: bringing Darwinian evolution, Eltonian population dynamics and genomics together into a united biology”
- Invited lecture 26.11.15 at Royal Society of Canada’s meeting on Canadian Marine Biodiversity: Resources, Opportunities, Responsibilities (Victoria, British Columbia, Canada): “Ecological and Evolutionary dynamics in marine systems under anthropogenic influence”
- Invited lecture 13.10.15 at University of Groningen: ”Medieval plague pandemics in Europe: Repeated climate-driven introductions from Central Asia”
- Invited lecture 10.10.15 at the Moscow Science Festival, Lomonosov Moscow State University: ”Climate change and impact on emerging infectious diseases Plague as an example”
- Invited lecture 22.05.15 at “Disease and Global history”, University of Oxford: ”The climatic pulse of Asia: the Black Death and successive plague reintroductions into Europe” (Stenseth & Schmid)
- Invited lecture 6.11.14 at the 74<sup>th</sup> Annual Meeting of the Society of Vertebrate Paleontology, Germany: “Red Queen and Court Jester: biotic and abiotic interactions in ecology and evolution”
- Invited lecture 12.10.14 at Moscow Science Festival “Coevolution in multispecies communities”

- Invited lecture 29.08.14 at World Science Week, New Zealand: “Pandemics and climate change”
- Invited lecture (the Ronald Fisher Lecture) 21.07.14 at Rothamsted Research: “Coevolution in multispecies communities: a Red Queen Perspective”
- Invited plenary speaker 24.06.13 at The Yersinia-11 meeting in Suzhou, China: “The interplay between ecology and evolution in host-vector-pathogen systems: Yersinia pestis as an example”
- Lectured 11.01.13 at the annual dinner of Ministers of Norw. Gov. (Oslo): “Knowledge beats it all”
- Invited plenary speaker 29.10.12 at the TRI conference in Helsinki: “Tackling Uncertainties of Climate Change Effects on the Marine Ecosystem”
- Delivered the 2011 Heinz Hafner Lecture 28.11.2011 in Tour du Valat: “Global climate change and ecological as well as evolutionary consequences”
- Invited keynote speech 02.06.2011 at the European Conference on Ecological Modelling 2011, Riva del Garda, Italy: “The hare and the lynx in the food web of the boreal forest of Canada”
- Delivered the annual Darwin lecture at the University of Glasgow (UK) on 10.02.2010: “Structuring of cod populations: a combined ecological and population genetics study”
- Delivered the Linacre lecture in Oxford (UK) 28.01.2010: “Plague: past, present and future”
- Invited plenary at the “Symposium on the Ecology of Plague and its Effects on Wildlife – the Effect of Climate Variation” (CSU, Fort Collins, 04-06.11.2008)
- Invited plenary at "New and re-emerging Diseases, population and Climate", COSMOCAIXA (Barcelona, 15-17.11.2006): “Climate change and plague epidemics”
- Invited speaker at the Joint Statistical Meeting (Minneapolis, 07-10.08.2005). “Recent Advances of Statistical Methodologies for Assessing Environmental Effects on Ecological Systems”
