

Norsk forening for farmakoepidemiologi
(DURG Norge)

Welcome to the 2017 yearly meeting of the Norwegian Society of Pharmacoepidemiology

In collaboration with

PharmaTox Strategic Research Initiative
Faculty of Mathematics and Natural Sciences
University of Oslo

Date: 19th April 2017

Time: 10:30-17:00

Place: Auditorium School of Pharmacy, University of Oslo, Gydas vei 8, Oslo

Invited presenters:

- **Kate Lapane**, University of Massachusetts, USA: "*Between a Rock and a Hard Place: Antipsychotic Use in Nursing Homes*"
- **Jon Michael Gran**, OUS and Dept. of Biostatistics, UiO: "Causal inference and time-varying treatments"
- **Mollie Wood**, Dept. Pharmacy, UiO: "Misclassification of exposure"
- **Robert Lyle**, University of Oslo: "*Bridging disciplines in research: epigenetic and pharmacoepidemiology*"
- **Eivind Ystrøm**, Norwegian Institute of Public Health: "States, traits, and medication use during pregnancy"
- **Kristian Svendsen**, Dept. Pharmacy, UiT: "Reseptregisterdata og bivirkningsrapporter: Hva kan vi få ut av å kombinere datakildene?"

The yearly meeting is open to members of the society. If you are not a registered member, but wish to become so, please send an email to: oystein.Karlstad@fhi.no.

The annual subscription fee of 200 kr can be paid to the following bank account: 0540.08.93448, "Norsk forening for Farmakoepidemiologi". Please state your name and email address in the payment.

Registration to the meeting: <https://nettskjema.uio.no/answer/81143.html>

Welcome!
