## 1 GAD (Approvement of meeting program)

approved

## 2 GAR (Approvement of referent)

approved

## 3 Mail / Email

### 3.1 Lars Bernhardsen

Student for SOLARIS interview committee on January 11

we still need to find someone, Ivar has contacted Torbjørn Østmoe

## 4 Meetings

### 4.1 MNSU

Not discussed

### 4.2 RealKarriere

Not discussed

### 4.3 Integral competition

Different levels, since for example first graders only have calculus.  
Håkon Olav has made a facebook group for those who want to participate in the group. Contact Håkon Olav if you want to help participate.  
Planned date 11. of April 2019.  
Bror and Jonas want to participate.

### 4.4 Faculty

Talked about 24 hours card access to the physics building .  
They want to take this case higher up in the system, since they have received many complaints  
If anyone want to be in charge they can contact Astrid, otherwise Astrid will continue.

## 5 Events

### 5.1 Exam workshop

Jan has ordered soda online, which will be delivered to the chemistry building.

The events are on facebook.

We split the promotion to the ones attending each course. There are no more lectures in IN1900.

Fredrik and/or Johannes will blæst in the FYS1120 lecture on wednesday.

Edvarda, Håkon Olav and Oskar will blæst in MAT-INF1100.

Edvarda will post on facebook for FA 2017/2018.

Astrid will send mail to the IN1900 lecture and ask if he can post on the course webiste.

## 5.2 TEDxCERN

Kristian Birkeland is booked between 14:00-16:00, we will therefore move to Store Fysiske auditorium between 14:00 and 16:00, and then move to Kristian Birkeland after 16:00.

Edvarda will include the change of room in the facebook post.

Popcorn? More promotion? Who can be technically responsible? Bror will be responsible from 14 – 16, Astrid will help after 18, Astrid will ask Oline, Fredrik and Johannes if they can between 16 and 18.

## 5.3 Lyskveld / Light evening

Pizza (+ gløgg? and/or lussekatter?) and short light lecture with Arnt Inge on December 13

Extra focus on FYS1120 students, and give a taste for FYS2130, but open for all

Main point is eating pizza and relaxing

We could include some board games as well

Ivar will help

We will book the spacetime/tidrommet, and put up some posters

Event will be at some time after 16 : 00

## 6 Cabin trip

### 6.1 Spinntur

Abdullah needs to book the student cabin for spin-trip 2019

### 6.2 Felttur

Astrid will go on a meeting with Arnt Inge on Wednesday and talk about the field trip 2019. Astrid will confront the idea of making it more social, and less subject focus. Maybe mention a combination with AST2000

## 7 Course evaluation

List of courses:

- FYS1120
- FYS2160

- FYS3110
- FYS-STK3155
- FYS4170
- FYS4640

We will use the web form evaluation for evaluating these courses.  
The lecturer of FYS2160 has already sendt out a course evaluation of the course, so we can drop this?  
Do not have to many text questions, as this takes a lot of time.  
Jonas fixes the web forms for the courses.

## 8 Knask

Jonas Fløde brings snacks

Oline brought Soda

## 9 Evt

### 9.1 Button machine

what about this one? [LINK](#) Main board will discuss which button machine to buy. Probably a more expansive one, as we have a lot of money.

### 9.2 Attest / certificate

You have to ask Astrid for certificate before the 10. December

### 9.3 Date for allmøte after Christmas

Wednesday the 23. of January. Email must be sendt within the 9. of January.  
Astrid, Even Tobias and Ivar will write the email.
