Save the date GeoLearning Forum 2022 «Learning together»

7-8th November
Scandic Ørnen
Bergen

iEarth invites students and teachers across the Earth Science community in Norway to our annual GeoLearning Forum. Please join us in sharing teaching and learning experiences, development projects, research, and new ideas!

Co-creation to make learning and teaching more meaningful

Posters and sharing sessions on educational development

How to make a student competence portfolio

Leading yourself: self-regulated learning and study success

Get ideas for how to do student-teacher co-creation in your course

Deadline 17th of October
