

Report for BIOS5411/BIOS9411

Report – meeting reference group 29.10.2020

Responses in red.

Textbook: we know some chapters are too detailed and method oriented – no need for you to focus on those parts.

Lectures: (we are aware of this and we regularly ask our lecturers to do so);

Field sampling: (it is our feeling that it worked well, so we will probably keep this format for the future).

Lab:

Discussion groups: The discussions will be on zoom from now on and you will then be expected to prepare for the sessions.

Information:

Report – meeting reference group 03.12.2020

Responses in red.

General: we are aware of this – will look into shortening BIO 4500 go give one or two weeks more for 5411/5412.

Textbook: we are aware of this and continuously looking for good textbooks

Lectures: –

Field sampling: (it is our feeling that it worked well, so we will probably keep this format for the future).

Lab:

Discussion groups: –
we agree – will plan differently next year.
