1. sem	Course	Course	Course
	10 ECTS	10 ECTS	10 ECTS

Short thesis (30 ECTS)

Thesis	Thesis	Thesis
Course	Course	Course
Course	Course	Course
Course	Course	Course
10 ECTS	10 ECTS	10 ECTS

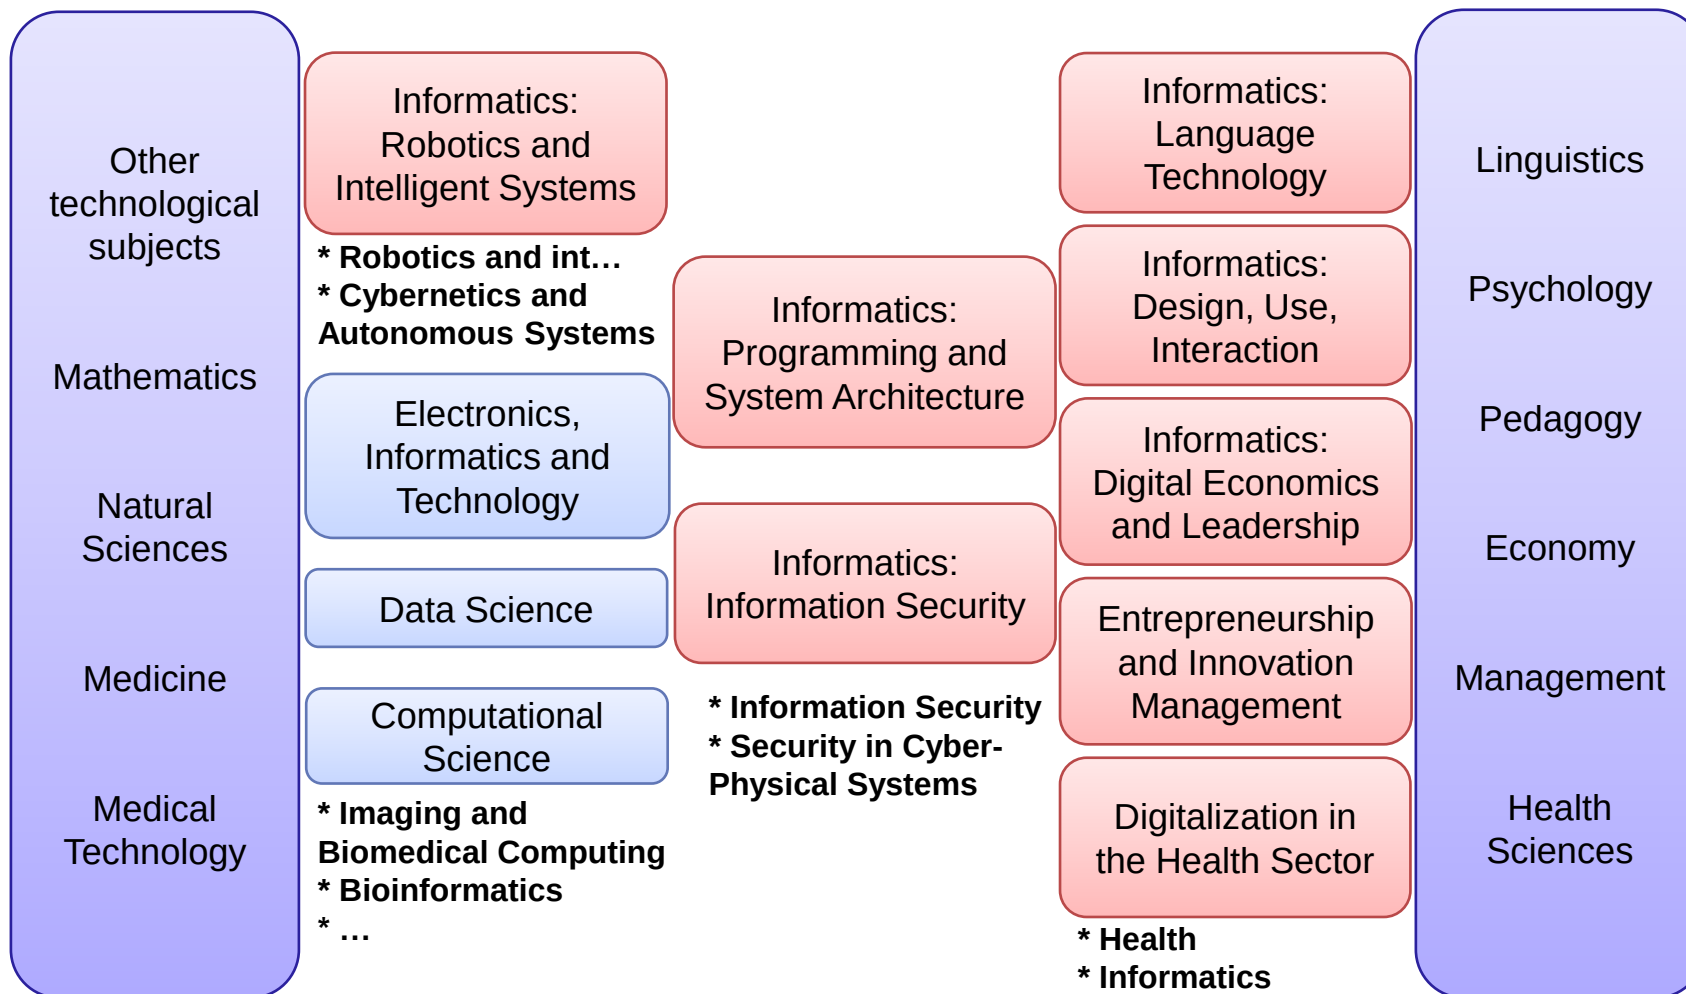

Master weeks

- Week 1: Introduction to being a Master student and a scientist.
- Week 2: More about research methods and how to write a Master thesis.

Studying at the Department of Informatics

**What do you expect from
your master studies?**

What do we expect from you?

- Attend these introductory weeks.
- Read all relevant information on the web.
<http://www.mn.uio.no/ifi/english/studies/master/>
- Read your university email.
- Follow all deadlines.
- Study 40 hours per week.
- Be active and participate.
- Contact the student administration or your lecturer/supervisor in case of any problems.

Admission to courses

The deadline for course registration is Thursday, 14 August at 23:59 CET

We recommend that you sign up for three core courses in Studentweb. Do not sign up for more courses than you intend to complete

Questions? Ask them tomorrow at the Study Administrations session.

Conditional offer? Send an email with maximum four courses in prioritized order to studieinfo@ifi.uio.no as soon as possible

How to find your project?

- Sep/Oct: the researchers will present available projects. You contact a supervisor to apply for a project of your choice.
- If you have connections in industry, you may start an external project in agreement with an internal supervisor.
- By 1 December, the project and supervisor should be decided and you have to deliver a master plan agreement.

The Master's Plan Agreement

The Master's plan includes a supervisor, theoretical courses, a project plan and a progress plan for your master studies.

September/October: Information meetings about available Master's thesis and supervisors.

Read more about the first year and deadlines:

And, finally,

in May and June 2027:

- you deliver your thesis,
- you present it,
- you graduate and
- you attend the graduation ceremony.

Programme: Introductory Week

Wednesday: 10:00 - 15:00

- Academic session: "New master's student: How to avoid being overwhelmed?"
- Academic session: "What does research on master's level mean?"
- Library services for master's students
- Course registration and deadlines ahead
- A tour of Ole Johan Dahls house

Thursday: 10:00 - 14:15

- Partners, opportunities and entrepreneurship
- Master's students best tips
- How does Ole Johan Dahls house work?

The student administration

Contact information:

- E-mail: studieinfo@ifi.uio.no
- Remember to send from your student e-mail for verification purpose

Receptions in Ole Johan Dahls house

- 4th floor, Section B - study related support
 - Open: 09:00 – 15:00

Important deadlines

14 August: Course registration

- Help with course registration tomorrow from 14:00
- Remaining courses (restplasser) available from 19 August at 9:00. First come first serve.
- Absolute final deadline for signing up 1 September

1 September:

- Paying your semester fee
- Registering in StudentWeb
- Applying for special examination arrangements

1 December:

- Hand in Study plan Agreement

Available work spaces

- Reading room seats for master's students in the 4th–9th floor
- Library at Georg Sverdrups house, NEMKO (DigHealth)
- You may use computers in the computer rooms on 3rd floor.

Guided work-space-tour tomorrow at 14:00

Thursday at 12:45: "How does Ole Johan Dahls Hus work?"

Get technical and practical life hacks from the operations section.

Information and tools

- Read **program-**, **course-** and **semester pages**.
- Check **student e-mail** frequently
- **My studies / Mine studier**: Personal schedule, messages and managing studies:
- **"IT Help UiO"** - If any problems with IT.
- Being a master's student at IFI :

Speak Up-system for students

- About which issues can you speak up?
- Different ways of speaking up
- What happens when you speak up?
- Where you can get support

Speak Up!

For a safe and engaging
learning environment

- Speak Up – when it is serious
- Speak Up – when something needs to be improved
- Speak Up – about what you appreciate

Student life

SiO: student welfare organisation

- Health (GP, mental health)
- Sports
- Housing
- Kindergartens
- Student ID

Student organisations at IFI

Student bar: Escape – open all week
