

Mini-Symposium

Biomolecular Structure and Function: Beyond the Genetic Code

November 19th – 2020

13:15-16:45

Auditorium 1, Department of Chemistry, Blindern, University of Oslo

Program:

13:15 WELCOME & BIOCAT and PX-Oslo presentations

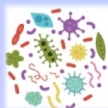

13:30 **Nikolina Sekulic** (University of Oslo): “Centromere – a megadalton protein-DNA complex ensuring genomic integrity”

14:25 **Stephen Cusack** (EMBL Grenoble): “Snapshots of actively transcribing influenza polymerase”

15:20 Coffee Break

15:45 **Wei Yang** (National Institutes of Health): “Structural assembly and reaction chemistry of DNA replication”

The symposium is open to all. Organized by PX-Oslo and sponsored by BIOCAT.
