International Humic Substances Society

**To Advance the Knowledge and Research of
Natural Organic Matter in Soil and Water**

IHSS is recognized as a world leader in fostering scientific education and research, and promoting public understanding of humic substances and natural organic matter.

Activities include the assembling of information about genesis, isolation, fractionation, functionality, structures, reactivities and interactions, and the environmental influences of humic substances.

- **IHSS Standard and Reference Samples** to compare experimental results on humic substances and natural organic matter
- **Newsletter**
- **Biennially International Conferences**
- **Travel Awards for PhD students**
- **Training Awards for PhD students and young scientists**
- **Young Investigator Research Grant Program**

19th INTERNATIONAL CONFERENCE OF INTERNATIONAL HUMIC SUBSTANCES SOCIETY

Humic Substances
and Their Contribution
to the Climate
Change Mitigation

16-21 2018 **Bulgaria**
September Albena Resort

Host and organizer:

Bulgarian Humic Substances Society
Sofia, Bulgaria

e-mail: ihss_2018@abv.bg

<http://bhss.itp.bg>

Contact person:

Prof. Dr. E. Filcheva - President

Tel: +359 888 72 38 18

e-mail: filcheva@itp.bg

TOPICS of 19th Conference of the IHSS

Environmental Chemistry – Dynamics - Role of Humic
Substances and Natural Organic Matter

Biotic Interactions – Toxicity - Role of Humic Substances and
Natural Organic Matter

Water Quality - Drinking Water – Surface Waters

Soil Physical Chemistry - Soil Fertility

Humic Based Technologies - Crop Production

SAVE THE DATE → 16 - 21 SEPTEMBER 2018

Europe
