

## SEFE meets EMS-CDC Program

Friday April 10, 2015

12:00                      Welcome Lunch

13:00                      Opening

CAS – Centre of Advanced Study  
Vigdis Broch-Due (greetings)

SEFE – Stochastics in Environmental and Financial Economics  
Giulia Di Nunno and Fred Espen Benth (10 minutes)

EMS-CDC meeting  
Michel Waldschmidt

13: 20                    Theme: Mathematics pure and applied, actions of development  
Chair Michel Waldschmidt

13:20                    About NORAD and NOMA programs: Masters/PhD in  
Mathematical Modelling  
Bernt Øksdendal (20 min)

13:40                    About: NIMS National Institute of Mathematical Sciences in  
Ghana, PGS involvement in the development of higher  
education in mathematics  
Antonella Zanna Munthe-Kaas (20 min)

14:00                    Break (10 minutes)

14:10                    About: Developing mathematical education, research, and  
academic staff: various aspects  
Francesco Pappalardi (20 min)

14:30                    About: Developing mathematical education and research:  
dynamical systems  
Stefano Luzzatto (20 min)

14:50                    Committee for Developing Country of the International  
Mathematical Union, AMMSI program  
Wandera Ogana (20 min) (in VIDEO CONNECTION)

15:10                    Coffee Break (30 min)

- 15:40      About: Centre International de Mathématiques Pures et Appliquées - CIMPA  
Claude Cibils and Tsou Sheung Tsun (20 min)
- 16:00      Round table: "Strategies for developing mathematical research in less developed countries"  
Chairs:  
Marie-Francoise Roy, Michel Waldschmidt, and Giulia Di Nunno
- Input from participants.
- 17:30      Break (10 min)
- 17:40      European Mathematical Society  
Pavel Exner (10min)
- 17:50      Closing of the meeting  
Giulia Di Nunno and Michel Waldschmidt
